

Spartan SP-300W

Spartan portable sound system with a battery powered 20-watt amplifier/speaker, 96 channel UHF wireless receiver, and USB MP3 player

Specifications

Output Power	20 W RMS/ 4 Ω load, Max 30W
Sensitivity	95 dB, 1W @ 1 M
Maximum SPL	110 dB
Frequency Response	50 Hz–15 kHz \pm 3dB
Speaker	4" Full-range
Operating Frequency Band	640–664MHz
Selectable Channels	96 Pre-Programmed
Maximum Deviation	80 kHz, with Level Limiting
Dynamic Range	110 dB
THD	> 0.5%
Pre/De-emphasis	50 μ s
Signal to Noise Ratio	>70 dB
Audio Input	Mic in (1/4" phone), Line in (3.5mm), or USB 2.0
Audio Output	External Speaker Output, 1/4" Phone, 8 Ω
Controls	Master Volume, Treble, Bass, Mic Vol.
Rechargeable Battery Type	One 12 VDC / 2.7 AH
Operating Life	About 4–6 hours
Charging Time	About 4 hours
Power Supply	100–240 VAC Input European Approval
Dimensions	5 1/2" W x 9 1/2" H x 5 1/2" D
Weight	6 lbs.

Features

- Indoor/Outdoor Sound System
- Very portable: Battery powered
- Small and Lightweight (6 lbs.)
- 20 watt power amplifier
- 96 channel selectable wireless microphone receiver
- Wireless microphone volume control
- USB port to read and playback MP3 files
- Auxiliary input (3.5mm) with volume control
- Cabled microphone input (1/4" phone) with volume and master power switch
- Tone control: \pm 6 dB
- External speaker output
- Threaded insert for stand or wall bracket mounting
- Internal lead acid rechargeable battery
- Built-in battery charger w/ LED indicator
